VIDEO CONTEST BEGINS: Immediately after registration
VIDEO CONTEST ENDS: Wednesday, 4/14/2021

WRITTEN QUIZ BEGINS: 9:30 am on Friday, 4/16/2021
WRITTEN QUIZ ENDS: 10:30 am on Friday, 4/16/2021

ELIGIBILITY:

Refer to the General Information and Rules page. Eligibility is open to individual students.

SCOPE OF CONTEST:

There are two parts to this competition, which consists of a video contest and written quiz.

VIDEO CONTEST

1. The first section will be a virtual presentation featuring the following topic:
Identify each individual component of a typical wood framed wall and describe the purpose of each component.
 - presentation must be no more than 5 minutes in length
 - participants will be judged on their creativity and quality of content
 - send videos via email to brianu@cos.edu to be judged by a panel of experts.
 - All video presentations must be submitted **no later than Wednesday, April 14th.**

WRITTEN QUIZ

2. The second section will be a short written test and will include shop math, identification of tools and/or machines, reading plans, and print details.
 - The quiz will be offered on Quizziz. Students will receive an email with more information.
 - Written quiz will be administered on **Friday, 4/16 from 9:30 am to 10:30 am.**

SPECIAL NOTES:

- Students are encouraged to be creative in their presentation, but must present their own work.
- Live video, multimedia, and visual aids are highly encouraged, but use your creativity to create your presentation.
- Participants will be awarded up to 25 points for their video presentation and up to 25 points for the written exam. The highest cumulative score will win. Awards will be given for first, second, and third place winners.

TIE BREAKER:

www.tkexpo.org

In the case of a tie, the winner will be chosen by the highest score on the written test
